# COME DISCOVER SUMMER FUN!

The Beacon Hill Nursery School Summer Program is a 11 week creative learning adventure for children aged 2 years old to 6 years old. In small groups, children engage in small group activities that are designed to stimulate intellectual growth, independence and social skills within an atmosphere that is informal, nurturing and enriching.

## Summer Program

The Summer Program offers children a mixed-age group experience (with the exception of the toddler program). It also serves as a valuable transition time for children entering BHNS for the first time in the fall.

## Staff

Our summer program is staffed by the same experienced, EEC qualified teachers who provide the enriching experiences of our regular school year. We maintain a one to six teacher to student ratio (One to four and a half in the Toddler room).

## Facilities

The summer program facilities provide for both indoor and outdoor activities. Two large, on-site outdoor playgrounds are used daily for climbing, sliding, and water play. Classrooms, a library, kitchen, lunchroom and an air-conditioned gymnasium allow for a broad range of creative indoor activities.

**Registration Form** Complete and return with tuition fees to: BHNS – 74 Joy Street – Boston – MA – 02114
